Dr. Jimmy Gutman, M.D., FACEP McGill University - World famous Author and Glutathione Expert

“Next to water, Immunocal is the most important thing you can ingest into your body. Glutathione is far beyond an ‘ordinary antioxidant’; it is the Master Antioxidant, a safe and most effective detoxifier, and an essential component of the human immune response. All my research confirms that the best way to elevate and sustain your body’s own Glutathione is by taking Immunocal on a regular basis. With the challenges of today’s world, I personally would never be without it.”
